Utah State Building Board

MEETING

April 12, 2006

MINUTES

Utah State Building Board Members in attendance:

Larry Jardine, Chair
Kerry Casaday, Vice-Chair
Steven Bankhead
Cyndi Gilbert (via telephone)
Richard Ellis, Ex-Officio

DFCM and Guests in attendance:

Keith Stepan	Division of Facilities Construction & Management
Robert Franson	Division of Facilities Construction & Management
Kent Beers	Division of Facilities Construction & Management
Shannon Lofgreen	Division of Facilities Construction & Management
Curtis Clark	Division of Facilities Construction & Management
D'Arcy Dixon Pignanelli	Department of Administrative Services
Alan Bachman	Attorney General's Office/DFCM
Ken Nye	University of Utah
Wally Cooper	AIA Utah
Scot Olson	Utah National Guard
Hailey Liechty	Parents of Deaf Children in Utah County
Michelle Archibald	Parents of Deaf Children in Utah County
Jackie McGill	Spectrum Engineers
Randall Funk	University of Utah
Darrell Hart	Utah State University
David Besel	Utah State University
Eric Tholen	Harris and Associates
RoLynne Hendricks	VCBO Architecture
Kevin Walthers	Utah System of Higher Education
Ralph Stanislaw	Archiplex Group
Luanne Valentin	Spectrum Engineers
Tony Lords	Henricksen Butler
Barbara Bruno	Herman Miller
Representative D. Gregg Buxton	Legislature
Wally Cooper	AIA

On Wednesday, April 12, 2006, the Utah State Building Board held a regularly scheduled meeting at the Utah State Capitol Complex, West Building, Room 125, Salt Lake City, Utah. Chair Larry Jardine called the meeting to order at 9:00am.

Richard Ellis introduced Rich Amon, the analyst in the Governor's Office of Planning and Budget who will now cover the Department of Administrative Services, Building Board, Capital Facilities, and debt issuance. He will replace Randa Bezzant.

☐ **APPROVAL OF MINUTES OF MARCH 15, 2006**

Chair Jardine sought a motion on the meeting minutes of the Utah State Building Board.

MOTION: Steve Bankhead moved to approve the meeting minutes of the Utah State Building Board on March 15, 2006. The motion was seconded by Kerry Casaday and passed unanimously.

☐ **ALLOCATION OF FY2007 CAPITAL IMPROVEMENT FUNDS**

Kent Beers presented DFCM's recommendations for the allocation of the FY 2007 capital improvement funds. DFCM reviewed each project requested by state agencies and institutions of higher education to determine the highest priority needs across the state. DFCM provided an opportunity for agencies and institutions to comment on the proposed allocations prior to taking action on the approval of the allocation of capital improvement funds.

DFCM's recommendations for the allocation of capital improvement funds were developed under the process approved by the Board. The total cost of all requests received this year totaled over \$150 million. Funding from the Legislature totaled \$65.4 million (\$62.9 million regular funding plus \$2.5 million from Risk Management's reserve account). Narrowing the list of projects to identify the highest priority needs represents an enormous undertaking by DFCM staff. In developing its recommendations, DFCM placed the greatest priority on issues raised in facility condition assessments and on critical repairs to HVAC, structural, electrical, and infrastructure. Repairs and upgrades addressing life safety issues were given the highest priority.

Several documents were provided explaining and supporting DFCM's recommendations. The first document entitled *Summary of Replacement Costs of Facilities vs Share of FY 2007 Capital Improvement Funding* showed how the recommended funding is allocated among state agencies and institutions of higher education compared to the share of the facility replacement cost that each classification generates. The second document entitled *Summary of Capital Improvement Funding FY 2003 – FY 2007* provided a five-year overview of the allocation of capital improvement funding to each agency and institution.

Mr. Beers also reviewed the document entitled FY 2007 Capital Improvement Projects which showed DFCM's recommendations for this year's allocation of improvement funds.

One change had been made to the document since it had been mailed to the Board members. This document identified the original request for the project and the amount recommended by DFCM for the project. It also identified the life safety projects funded by the \$2.5 million allocated from Risk Management's reserve account.

Another document distributed at the meeting was entitled *FY 2006 Capital Improvement Project Status Report* which documented the percentage of projects completed or under construction that were approved by the Board last year. This report measures DFCM's annual performance in completing the projects within the year.

Mr. Beers reviewed the following amounts recommended by DFCM:

<u>Agency/Institution</u>	<u>Total DFCM Recommended Amount</u>
College of Eastern Utah	\$1,024,600
Dixie State College	\$1,290,100
Salt Lake Community College	\$3,588,900
Snow College	\$1,847,500
Southern Utah University	\$2,525,100
University of Utah	\$11,638,800
Utah State University	\$6,432,800
Utah Valley State College	\$2,682,800
Weber State University	\$3,795,700
Utah College of Applied Technology	\$1,841,200
Department of Agriculture	\$146,600
Alcoholic Beverage Control	\$383,600
Capitol Preservation Board	\$1,538,500
Community and Economic Development	\$485,600
Department of Corrections	\$3,327,900
Courts	\$2,120,000
Division of Facilities Construction and Management	\$3,111,500
Department of Environmental Quality	\$318,000
Fair Park	\$515,200
Department of Health	\$743,800
Department of Human Services	\$3,050,000
National Guard	\$1,503,800
Department of Natural Resources	\$3,415,000
Office of Education	\$188,400
Public Safety	\$119,500
Tax Commission	\$199,200
Department of Transportation	\$1,855,800
Department of Workforce Services	\$909,900
Statewide Programs	\$4,993,500
Total FY2007 Capital Improvement Projects Funded	\$65,593,300

The funding sources were as follows:

FY 2007 Funding from the Legislature	\$62,921,300
FY 2007 Funding from Risk Management for Life Safety	\$2,500,000
FY 2006 Canceled Projects to be Reallocated	\$172,000
Total FY 2007 Funding	\$65,593,300

Chair Jardine sought further comments on the capital improvement allocations. Steve Bankhead complimented DFCM for the detail provided in the report.

MOTION: Steve Bankhead recommended approving the capital improvements funding list. The motion was seconded by Kerry Casaday and passed unanimously.

Kent Beers continued reviewing the FY 2006 Performance Report. This information was gathered through the end of March and reflected the amount of work completed by the Capital Improvement group. The summary sheet on the cover showed that 98% of the projects from FY2006 that the Building Board approved last year were either under construction or completed. There were a total of 174 projects managed by DFCM last year, and 170 of the projects were under contract or completed.

Mr. Beers congratulated the Capital Improvement group for achieving the highest amount ever. Historically the group averaged 60% of the projects, but they have been increasingly improving over the last few years. Kent Beers introduced the Capital Improvement team which included section manager Vic Middleton, Bob Anderson, Wayne Smith, Darrell Hunting, Craig Wessman, Brent Lloyd, Kurt Baxter, Jeff Reddoor, S'ean Crawford, Jim Russell and Nikki Wolcott who provides secretarial assistance. Absent from the meeting were Dan Clark, Mike Ambre, and Rick James.

❑ AMENDMENTS TO RULE R23-1 AND R23-2

Rule R23-1 was presented to the Building Board in September 2005 to raise the limits regarding small purchases due to increasing inflation. It also raised the limits required on bonding for projects changing it from \$50,000 to \$100,000. DFCM had since received correspondence indicating concern in the industry that the rule would leave DFCM unprotected. Based upon additional research of federal government projects, it was determined DFCM did not wish to take those risks. Therefore, they asked the Board to review the rule again to revert back to the limits regarding solicitations at \$50,000. The bid security will also remain at \$50,000.

Alan Bachman requested the Board consider any input from the public and approve the submission of the new rule regarding small purchases with the Division of Administrative Rules. Randall Funk, University of Utah, stated he was very much in favor of the procurement limit going to \$100,000, but agreed the \$50,000 limit was very prudent. Keith Stepan stated the concept had been reviewed by AIA leadership and the AGC Board.

Alan Bachman suggested if the Board was inclined to approve the rule to include in the motion approval of the submission of this rule regarding small purchases to be filed with the Division of Administrative Rules in time for the April 15 publication deadline. If no negative comments were received during the 30-day comment period, it was requested the Board authorize the filing without returning to the Building Board.

MOTION: Kerry Casaday moved to approve R23-1 based on the information received from DFCM. The motion was seconded by Steve Bankhead and passed unanimously.

Another rule which was presented at the March 2006 Building Board meeting was initially to comply with state law. Some housekeeping amendments were needed to update the rule in order to comply with GRAMA. A Division of Purchasing rule was adopted late last fall after several meetings with the Procurement Policy Board. As a result, changes were made to Division of Purchasing practices in terms of what is released regarding proposals. This has been past practice in the bidding process, but only successful proposals were released and attached to the contract. Unsuccessful proposals were not released. The Procurement Policy Board determined this was not the best interpretation under GRAMA which had very specific provisions about trade secrets and confidentiality processes. It was determined unsuccessful proposals, other than those marked as trade secret or confidential, could in fact be released through a GRAMA request. Items that may be protected include financial statements, aspects of designs, etc. Additional amendments to the rule included a renumbering of statutes per the procurement code, as well as additional housekeeping amendments.

Keith Stepan stated the changes would make DFCM compatible with state law. DFCM will also host a training session on May 18 and have invited architects, engineers, and contractors to learn how to mark documents with proprietary information.

Alan Bachman noted Ken Hansen, director of the Division of Administrative Rules, had commented on R23-1-35 regarding the procurement of construction. Some typographical errors were made in the previous documents, and Mr. Hansen suggested some wording changes. The context of the document was not altered and still met the legal obligations.

Steve Bankhead felt the idea of having a training session was excellent, but felt some contractors may not realize the significance of the amendment. He suggested DFCM conduct annual follow-up sessions and including a small paragraph with general contractor renewal applications to allow notification to the contracting public. Keith Stepan stated information would be distributed with RFPs in order to immediately notify those submitting proposals.

Chair Jardine sought a motion with similar provisions that if no negative comments were received during the public comment period, DFCM did not have to return for further approval from the Board.

MOTION: Steve Bankhead moved to approve the amendments with the provisions that DFCM would not need to return if no negative comments were received. The motion was seconded by Kerry Casaday and passed unanimously.

❑ DISCUSSION OF CAPITAL DEVELOPMENT PROCESS

Chair Jardine wished to discuss the capital development process utilized by the Board for the past two years. He questioned if the Board felt any changes were necessary, and if they wished to coincide with the Regent's Q&P process.

Kerry Casaday suggested tabling the issue until more Board members were present. Kent Beers commented there was some urgency to determine any applicable changes in order to distribute the information to the agencies and institutions prior to their formulating their requests. He suggested the Board form a committee in order to begin the process of review because the agencies and institutions will start to develop their capital development requests within the next two months.

Steve Bankhead felt the process worked efficiently and wished to use it another year in order to specifically address the Board of Regent's process. He felt having two independent processes address the issues is important. The Board agreed to carefully consider the Board of Regent's ranking, but it did not feel it was beneficial to make the processes the same.

Representative Buxton felt the Board did a good job with the priorities last year. He suggested they review their approach in the evaluation of projects to ensure the agencies and institutions understood the process before requesting their projects. He felt combining the processes would only allow higher education to obtain money. The approach needs to be very objective in order to address the needs of the state and he commended the Board for the efforts put forth.

Chair Jardine felt the committee concept was favorable. Cyndi Gilbert was impressed with the impact the process has had and felt comfortable with its' current status.

MOTION: Kerry Casaday moved for DFCM to put together a committee within the next two to three weeks to review the process. The motion was seconded by Cyndi Gilbert and passed unanimously.

Steve Bankhead suggested Katherina Holzhauser be invited to be on the committee because she initially spearheaded the process.

❑ STATEWIDE MASTER PLANNING FOR GOVERNMENT OFFICE SPACE NEEDS

DFCM is currently undertaking a master planning effort of statewide government office space needs. Under the direction of D'Arcy Dixon Pignanelli, DFCM will be conducting this

master planning effort. Some items of interest to review include demographic trends, space utilization, prototypical building design, locations for regional centers, and transportation issues. A committee has been formed to address these issues and includes several state agencies. Some of the projects that will be coming to the Board this fall will be impacted by this master planning effort. This will help more firmly determine the direction we should take in the building program.

Steve Bankhead asked if the committee could devote a section to the state with recommendations of the older and more decrepit state buildings currently occupied as a separate issue. Since they would be coming to the Board in the next few years, it would be beneficial to obtain a comprehensive look. Kent Beers agreed a combined effort would help with other agencies pursuing their own agendas. They hoped to combine and co-locate facilities where appropriate.

❑ **ADMINISTRATIVE REPORTS FOR THE UNIVERSITY OF UTAH AND UTAH STATE UNIVERSITY**

Randall Funk, University of Utah, provided the administrative report for the period of February 24 to March 24, 2006. There were four new design agreements, one programming agreement, two study agreements, one remodeling contract and one site improvement contract awarded for the period.

There were three transfers out of the Contingency Reserve Fund for the EMRL chiller replacement, Biology façade repair, and a medium voltage switchgear upgrade on the lower west campus. There were three transfers into the Project Reserve Fund for the fire surplus reallocation, the OSH fire alarm/sprinkler system, and the campus wide drought tolerant landscape.

MOTION: Kerry Casaday moved to approve the administrative report of the University of Utah. The motion was seconded by Steve Bankhead. Cyndi Gilbert abstained from the vote as she could not hear the discussion and the motion passed.

Keith Stepan congratulated Randall Funk for being named as the Director of Campus Design and Construction.

David Besel, Utah State University, provided the administrative report for the period of February 22 to March 22, 2006. There were five professional contracts and eight construction contracts issued for the period. There was one transfer out of the Project Reserve Fund due to the Sci-Tech Library Fire Alarm Upgrade requiring \$30,000 more for the project.

Of the 53 projects on USU's current delegated project list, 12 are in the design/study phase, 22 are in construction, 11 are substantially complete, two are complete and six are pending. There were three new projects added to the list.

Chair Jardine sought a motion and stated he would abstain from the vote since his employers name was listed on the report.

MOTION: Steve Bankhead moved to accept the administrative report of Utah State University. The motion was seconded by Kerry Casaday. The motion passed with Chair Jardine abstaining from the vote.

☐ UTAH SCHOOLS FOR THE DEAF AND BLIND.....

Linda Rutledge, Utah Schools for the Deaf and Blind, requested permission to proceed with an architectural program to develop a project for the Board's consideration in the fall. DFCM recommended that they proceed due to the facts that are noted below. Their project may receive a high level of support and consideration during the 2007 Legislative Session.

1. The Schools for the Deaf and Blind proposal was listed on the Governor's 2006 budget request.
2. For several years, the Building Board has considered the schools facility needs and following a site visit, noted the program urgency and critical time table of a new building to replace the Connor Street facility.
3. The current lease agreement with the building owner/developer will end on June 30, 2009. A design and construction time table of two years becomes critical during the 2007 Legislative Session funding process.
4. The 2006 proposal for funding was \$10.7 million. Future funding requests may exceed that amount due to inflationary construction costs. An early start on preparation of a formal program will save the state money.
5. Program funding will be provided by Schools for the Deaf and Blind.

Ms. Rutledge estimated programming would take approximately 14-18 months to complete, which is not enough time if they waited through the legislative process. They hoped to proceed as soon as possible.

An overview of the programs being reviewed by the Schools for the Deaf and Blind was distributed. This proposed site is to replace approximately 64,000sf in space currently being used into a new 57,000sf facility to accommodate students and staff.

Legislative intent language in 2005 requested that they proceed and have JMS merge with USDB. This was done effectively and they have built excitement about including a new philosophy for the deaf education program.

The districts are required to give the USDB classrooms for their students. As the district's population growth changes, or the schools close, then USDB students must be relocated. This has been unacceptable to the parents and the children attending these programs. Even the mobile classrooms used in Alpine district are not an ideal educational setting for their students.

Steve Bankhead stated last year as the Board visited the Connor Street facility, the Board felt this project was needed. He suggested that before the USDB defined the square footage required, they also consider the growth the USDB might incur over the next few years to allow for expansion.

Richard Ellis stated the Legislature was reluctant to the phased funding approach which could cause some difficulty. He questioned if they had a back-up plan if they did not receive funding for 2008. Ms. Rutledge stated if the legislative session did not approve this building next session, it could not be completed prior to the JMS building demolition. They were only prepared to use \$66,000 from USDB funds for programming. USDB has talked to Granite School District to identify a site, but were waiting on school board approval before it could be disclosed.

Melanie Austin explained the USDB works with children from birth through age 21. The facility for the Utah Schools for the Deaf and Blind would allow for an inclusionary model to work with the children.

Linda Rutledge stated transportation for the JMS facility is also difficult because the children must be transported from the Connor Street facility, 30 various classrooms within the Granite School District, and JMS. Transportation is also expensive and costs roughly \$3 million. These expenses could be alleviated by having a more centralized building with the junior high and high school students nearby. Building a building for JMS would not allow them to see the efficiencies needed.

D'Arcy Dixon Pignanelli commented she thought the USDB was doing good work, but did not want to mislead them that by approving programming that they would be guaranteed anything in the future. USDB continually seems to be pre-empted by other agencies cooperation to make the project successful. Linda Rutledge responded the other agencies would help them build in close proximity to a school district to allow students to be mainstreamed. The new facility would allow the statewide agency a location to house 160 offices with 140 students in one particular building.

Keith Stepan summarized that the request is to proceed with the programming. They hoped to formulate an agreement with Granite School District and work with DFCM.

MOTION: Steve Bankhead moved to approve the programming for the Utah Schools for the Deaf and Blind project. The motion was seconded by Cyndi Gilbert and passed unanimously.

Michelle Archibald and Hailey Liechty, parents of Utah County students, were present to explain their frustrations with the facility in Utah County.

Ms. Archibald's child has a cochlear implant. Based on her research she has found that children with cochlear implants should be able to compete on normal grade level and be able to hear or speak by first or second grade. She felt that if services were improved,

more children would not fall behind. She felt a significant problem was that the building was similar to a double-wide trailer with 38 children being serviced in it, and there was no storage in the building. This made the heavily used trailer completely inadequate.

Ms. Liechty explained the parents previously met to discuss approaching the problem slightly different from the USDB. They have contacted an architect who helped them draw up very preliminary plans. They acknowledged they don't have land, money, and have not been created as a 501(c)(3) which they may create to buy land if they are unable to get USDB to lease the land to contract their services. She did compliment the USDB services, but felt the facilities were extremely abysmal. The parents also desired a centralized location where they could obtain information and assistance with deaf children.

Keith Stepan stated it was important to obtain the parent's perspective to ensure all plans were coinciding. However, state requirements needed to be met and issues such as teaching staff, insurance, liability issues, and building specification requirements needed to be observed.

Currently the Alpine School District and the director of the USDB are working with a principal at Foothill Elementary in Orem where the teachers and the kids would be able to move into a regular school. They would have a regular room in a centralized location and would have the acoustics that are necessary and they would have a microphone so the students could have the FM system. Alpine has also offered three sites that they could build the building on and are willing to work with them.

Chair Jardine suggested the parents meet with DFCM to discuss their plans and further intentions. The Board understood their plans were more of an idea of what was needed and not concrete plans. Keith Stepan agreed to meet with the parents after the meeting.

❑ ADMINISTRATIVE REPORTS FOR DFCM

Keith Stepan stated there were 17 new architect/engineering agreements awarded for the period. They are starting to make agreements for the funding that was approved last legislative session. There were 25 new construction contracts awarded for the period.

DFCM will see their reserve funds drop dramatically this year in terms of what is happening with the construction industry. Approximately \$1.5 million was moved out of the contingency fund and into the reserve fund to compensate for the industry as approved by the legislature.

❑ OTHER

Chair Jardine presented Ken Nye a plaque for his work and dedication for the Building Board and DFCM as was approved by the Building Board at the March meeting. The plaque will be presented formally once all the signatures are received.

Building Board members were asked to participate in various Value Based Selection projects.

☐ **ADJOURNMENT.....**

MOTION: Steve Bankhead moved to adjourn at 10:53am. The motion was seconded by Kerry Casaday and passed unanimously.

MEMORANDUM

To: Utah State Building Board
From: F. Keith Stepan
Date: May 24, 2006
Subject: **Open and Public Meetings Act**

Alan Bachman will be providing a brief description of some of the pertinent provisions and changes regarding the Utah Open and Public Meetings Act. A compilation of the latest law is attached.

FKS:ASB:sl

Attachment

OPEN AND PUBLIC MEETINGS ACT (May, 2006)

52-4-101 Title.

This chapter is known as the "Open and Public Meetings Act."

52-4-102 Declaration of public policy.

(1) The Legislature finds and declares that the state, its agencies and political subdivisions, exist to aid in the conduct of the people's business.

(2) It is the intent of the Legislature that the state, its agencies, and its political subdivisions:

(a) take their actions openly; and

(b) conduct their deliberations openly.

52-4-103 Definitions.

As used in this chapter:

(1) "Anchor location" means the physical location from which:

(a) an electronic meeting originates; or

(b) the participants are connected.

(2) "Convening" means the calling of a meeting of a public body by a person authorized to do so for the express purpose of discussing or acting upon a subject over which that public body has jurisdiction or advisory power.

(3) "Electronic meeting" means a public meeting convened or conducted by means of a conference using electronic communications.

(4) (a) "Meeting" means the convening of a public body, with a quorum present, including a workshop or an executive session whether the meeting is held in person or by means of electronic communications, for the purpose of discussing or acting upon a matter over which the public body has jurisdiction or advisory power.

(b) "Meeting" does not mean:

(i) a chance meeting;

(ii) a social meeting; or

(iii) the convening of a public body that has both legislative and executive responsibilities where no public funds are appropriated for expenditure during the time the public body is convened and:

(A) the public body is convened solely for the discussion or implementation of administrative or operational matters for which no formal action by the public body is required; or

(B) the public body is convened solely for the discussion or implementation of administrative or operational matters that would not come before the public body for discussion or action.

(5) "Monitor" means to hear or observe, live, by audio or video equipment, all of the public statements of each member of the public body who is participating in a meeting.

(6) "Participate" means the ability to communicate with all of the members of a public

body, either verbally or electronically, so that each member of the public body can hear or observe the communication.

(7) (a) "Public body" means any administrative, advisory, executive, or legislative body of the state or its political subdivisions that:

- (i) is created by statute, rule, ordinance, or resolution;
- (ii) consists of two or more persons;
- (iii) expends, disburses, or is supported in whole or in part by tax revenue; and
- (iv) is vested with the authority to make decisions regarding the public's business.

(b) "Public body" does not include a:

- (i) political party, political group, or political caucus; or
- (ii) conference committee, rules committee, or sifting committee of the Legislature.

(8) "Public hearing" means a portion of a meeting in which comments from the public will be accepted.

(9) "Public statement" means a statement made in the ordinary course of business of the public body with the intent that all other members of the public body receive it.

(10) (a) "Quorum" means a simple majority of the membership of a public body, unless otherwise defined by applicable law.

(b) "Quorum" does not include a meeting of two elected officials by themselves when no action, either formal or informal, is taken on a subject over which these elected officials have advisory power.

(11) "Recording" means an audio, or an audio and video record of the proceedings of a meeting that can be used to review the proceedings of the meeting.

52-4-104 Training.

The presiding officer of the public body shall ensure that the members of the public body are provided with annual training on the requirements of this chapter.

52-4-201 Meetings open to the public -- Exceptions.

(1) A meeting is open to the public unless closed under Sections 52-4-204, 52-4-205, and 52-4-206.

(2) (a) A meeting that is open to the public includes a workshop or an executive session of a public body in which a quorum is present, unless closed in accordance with this chapter.

(b) A workshop or an executive session of a public body in which a quorum is present that is held on the same day as a regularly scheduled public meeting of the public body may only be held at the location where the public body is holding the regularly scheduled public meeting unless:

(i) the workshop or executive session is held at the location where the public body holds its regularly scheduled public meetings but, for that day, the regularly scheduled public meeting is being held at different location;

(ii) any of the meetings held on the same day is a site visit or a traveling tour and, in accordance with this chapter, public notice is given;

(iii) the workshop or executive session is an electronic meeting conducted according to the requirements of Section 52-4-207; or

(iv) it is not practicable to conduct the workshop or executive session at the regular location of the public body's open meetings due to an emergency or extraordinary circumstances.

52-4-202 Public notice of meetings -- Emergency meetings.

(1) A public body shall give not less than 24 hours public notice of each meeting including the meeting:

- (a) agenda;
- (b) date;
- (c) time; and
- (d) place.

(2) (a) In addition to the requirements under Subsection (1), a public body which holds regular meetings that are scheduled in advance over the course of a year shall give public notice at least once each year of its annual meeting schedule as provided in this section.

(b) The public notice under Subsection (2)(a) shall specify the date, time, and place of the scheduled meetings.

(3) Public notice shall be satisfied by:

(a) posting written notice at the principal office of the public body, or if no principal office exists, at the building where the meeting is to be held; and

(b) providing notice to:

(i) at least one newspaper of general circulation within the geographic jurisdiction of the public body; or

(ii) a local media correspondent.

(4) A public body is encouraged to:

(a) develop and use electronic means to provide notice of its meetings under Subsection (3)(b);

(b) provide public notice to all other media agencies that make a periodic written request to receive them; and

(c) post public notice of its meetings on the Internet.

(5) (a) The notice requirement of Subsection (1) may be disregarded if:

(i) because of unforeseen circumstances it is necessary for a public body to hold an emergency meeting to consider matters of an emergency or urgent nature; and

(ii) the best notice practicable is given.

(b) An emergency meeting of a public body may not be held unless:

(i) an attempt has been made to notify all of its members; and

(ii) a majority of its members approves holding the meeting.

(6) (a) A public notice that is required to include an agenda under Subsection (2), shall provide reasonable specificity to notify the public as to the topics to be considered at the meeting. Each topic shall be listed under an agenda item on the meeting agenda.

(b) Except as provided in Subsection (5) and Subsection (6)(c), a public body may not consider a topic in an open meeting that is not:

(i) listed under an agenda item under Subsection (6)(a); and

(ii) included with the advanced public notice in accordance with this section.

(c) A topic not listed on the open meeting agenda that is raised during an open meeting may be discussed but no final action may be taken by the public body during that meeting.

52-4-203 Minutes of open meetings -- Public records -- Recording of meetings.

(1) Except as provided under Subsection (8), written minutes and a recording shall be kept of all open meetings. The minutes and a recording shall include:

- (a) the date, time, and place of the meeting;
- (b) the names of members present and absent;
- (c) the substance of all matters proposed, discussed, or decided;
- (d) a record, by individual member, of votes taken;
- (e) the name of each person who provided testimony and the substance in brief of their testimony; and
- (f) any other information that any member requests be entered in the minutes or recording.

(2) A recording of an open meeting shall be a complete and unedited record of all open portions of the meeting from the commencement of the meeting through adjournment of the meeting.

(3) (a) The minutes and recordings of an open meeting are public records and shall be available within a reasonable time after the meeting.

(b) An open meeting record kept only by a recording must be converted to written minutes within a reasonable time upon request.

(4) All or any part of an open meeting may be independently recorded by any person in attendance if the recording does not interfere with the conduct of the meeting.

(5) Minutes or recordings of an open meeting that is required to be retained permanently shall be maintained in or converted to a format that meets long-term records storage requirements.

(6) Written minutes and recordings of open meetings are public records under Title 63, Chapter 2, Government Records Access and Management Act, but written minutes shall be the official record of action taken at the meeting.

(7) Either written minutes or a recording shall be kept of:

(a) an open meeting that is a site visit or a traveling tour, if no vote or action is taken by the public body; and

(b) an open meeting of an independent special district as defined under Title 17A, Special Districts, or a local district under Title 17B, Chapter 2, Local Districts, if the district's annual budgeted expenditures for all funds, excluding capital expenditures and debt service, are \$50,000 or less.

52-4-204 Closed meeting held upon vote of members -- Business -- Reasons for meeting recorded.

(1) A closed meeting may be held:

- (a) if a quorum is present; and
- (b) if two-thirds of the members of the public body present at an open meeting for which notice is given under Section 52-4-202 vote to approve closing the meeting.

(2) A closed meeting is not allowed unless each matter discussed in the closed meeting is permitted under Section 52-4-205.

(3) An ordinance, resolution, rule, regulation, contract, or appointment may not be approved at a closed meeting.

(4) The following information shall be publicly announced and entered on the minutes of the open meeting at which the closed meeting was approved:

(a) the reason or reasons for holding the closed meeting;

(b) the location where the closed meeting will be held; and

(c) the vote by name, of each member of the public body, either for or against the motion to hold the closed meeting.

(5) Nothing in this chapter shall be construed to require any meeting to be closed to the public.

52-4-205 Purposes of closed meetings.

(1) A closed meeting described under Section 52-4-204 may only be held for:

(a) discussion of the character, professional competence, or physical or mental health of an individual;

(b) strategy sessions to discuss collective bargaining;

(c) strategy sessions to discuss pending or reasonably imminent litigation;

(d) strategy sessions to discuss the purchase, exchange, or lease of real property if public discussion of the transaction would:

(i) disclose the appraisal or estimated value of the property under consideration; or

(ii) prevent the public body from completing the transaction on the best possible terms;

(e) strategy sessions to discuss the sale of real property if:

(i) public discussion of the transaction would:

(A) disclose the appraisal or estimated value of the property under consideration; or

(B) prevent the public body from completing the transaction on the best possible terms;

(ii) the public body previously gave public notice that the property would be offered for sale; and

(iii) the terms of the sale are publicly disclosed before the public body approves the sale;

(f) discussion regarding deployment of security personnel, devices, or systems;

(g) investigative proceedings regarding allegations of criminal misconduct; and

(h) discussion by a county legislative body of commercial information as defined in Section 59-1-404.

(2) A public body may not interview a person applying to fill an elected position in a closed meeting.

52-4-206 Record of closed meetings.

(1) Except as provided under Subsection (6), if a public body closes a meeting under Subsection 52-4-205(1), the public body:

(a) shall make a recording of the closed portion of the meeting; and

(b) may keep detailed written minutes that disclose the content of the closed portion of the meeting.

(2) A recording of a closed meeting shall be complete and unedited from the commencement of the closed meeting through adjournment of the closed meeting.

(3) The recording and any minutes of a closed meeting shall include:

(a) the date, time, and place of the meeting;
(b) the names of members present and absent; and
(c) the names of all others present except where the disclosure would infringe on the confidentiality necessary to fulfill the original purpose of closing the meeting.

(4) Minutes or recordings of a closed meeting that are required to be retained permanently shall be maintained in or converted to a format that meets long-term records storage requirements.

(5) Both a recording and written minutes of closed meetings are protected records under Title 63, Chapter 2, Government Records Access and Management Act, except that the records may be disclosed under a court order only as provided under Section 52-4-304.

(6) If a public body closes a meeting exclusively for the purposes described under Subsection 52-4-205(1)(a) or Subsection 52-4-205(1)(f):

(a) the person presiding shall sign a sworn statement affirming that the sole purpose for closing the meeting was to discuss the purposes described under Subsection 52-4-205(1)(a) or Subsection 52-4-205(1)(f); and

(b) the provisions of Subsection (1) of this section do not apply.

52-4-207 Electronic meetings -- Authorization -- Requirements.

(1) A public body may convene and conduct an electronic meeting in accordance with this section.

(2) (a) A public body may not hold an electronic meeting unless the public body has adopted a resolution, rule, or ordinance governing the use of electronic meetings.

(b) The resolution, rule, or ordinance may:

(i) prohibit or limit electronic meetings based on budget, public policy, or logistical considerations;

(ii) require a quorum of the public body to:

(A) be present at a single anchor location for the meeting; and

(B) vote to approve establishment of an electronic meeting in order to include other members of the public body through an electronic connection;

(iii) require a request for an electronic meeting to be made by a member of a public body up to three days prior to the meeting to allow for arrangements to be made for the electronic meeting;

(iv) restrict the number of separate connections for members of the public body that are allowed for an electronic meeting based on available equipment capability; or

(v) establish other procedures, limitations, or conditions governing electronic meetings not in conflict with this section.

(3) A public body that convenes or conducts an electronic meeting shall:

(a) give public notice of the meeting:

(i) in accordance with Section 52-4-202; and

(ii) post written notice at the anchor location;

- (b) in addition to giving public notice required by Subsection (3)(a), provide:
 - (i) notice of the electronic meeting to the members of the public body at least 24 hours before the meeting so that they may participate in and be counted as present for all purposes, including the determination that a quorum is present; and
 - (ii) a description of how the members will be connected to the electronic meeting;
 - (c) establish one or more anchor locations for the public meeting, at least one of which is in the building and political subdivision where the public body would normally meet if they were not holding an electronic meeting;
 - (d) provide space and facilities at the anchor location so that interested persons and the public may attend and monitor the open portions of the meeting; and
 - (e) if the meeting includes a public hearing, provide space and facilities at the anchor location so that interested persons and the public may attend, monitor, and participate in the open portions of the meeting.
- (4) Compliance with the provisions of this section by a public body constitutes full and complete compliance by the public body with the corresponding provisions of Sections 52-4-201 and 52-4-202.

52-4-208 Chance or social meetings.

- (1) This chapter does not apply to any chance meeting or a social meeting.
- (2) A chance meeting or social meeting may not be used to circumvent the provisions of this chapter.

52-4-301 Disruption of meetings.

This chapter does not prohibit the removal of any person from a meeting, if the person willfully disrupts the meeting to the extent that orderly conduct is seriously compromised.

52-4-302 Suit to void final action -- Limitation -- Exceptions.

- (1) Any final action taken in violation of Section 52-4-201, 52-4-202, or 52-4-207 is voidable by a court of competent jurisdiction.
- (2) Except as provided under Subsection (3), a suit to void final action shall be commenced within 90 days after the date of the action.
- (3) A suit to void final action concerning the issuance of bonds, notes, or other evidences of indebtedness shall be commenced within 30 days after the date of the action.

52-4-303 Enforcement of chapter -- Suit to compel compliance.

- (1) The attorney general and county attorneys of the state shall enforce this chapter.
- (2) The attorney general shall, on at least a yearly basis, provide notice to all public bodies that are subject to this chapter of any material changes to the requirements for the conduct of meetings under this chapter.
- (3) A person denied any right under this chapter may commence suit in a court of competent jurisdiction to:
 - (a) compel compliance with or enjoin violations of this chapter; or
 - (b) determine the chapter's applicability to discussions or decisions of a public body.

(4) The court may award reasonable attorney fees and court costs to a successful plaintiff.

52-4-304 Action challenging closed meeting.

(1) Notwithstanding the procedure established under Subsection 63-2-202(7), in any action brought under the authority of this chapter to challenge the legality of a closed meeting held by a public body, the court shall:

- (a) review the recording or written minutes of the closed meeting in camera; and
- (b) decide the legality of the closed meeting.

(2) (a) If the judge determines that the public body did not violate Section 52-4-204, 52-4-205, or 52-4-206 regarding closed meetings, the judge shall dismiss the case without disclosing or revealing any information from the recording or minutes of the closed meeting.

(b) If the judge determines that the public body violated Section 52-4-204, 52-4-205, or 52-4-206 regarding closed meetings, the judge shall publicly disclose or reveal from the recording or minutes of the closed meeting all information about the portion of the meeting that was illegally closed.

52-4-305 Criminal penalty for closed meeting violation.

In addition to any other penalty under this chapter, a member of a public body who knowingly or intentionally violates or who knowingly or intentionally abets or advises a violation of any of the closed meeting provisions of this chapter is guilty of a class B misdemeanor.

Fax (801) 538-3267

MEMORANDUM

To: Utah State Building Board
From: F. Keith Stepan
Date: May 24, 2006
Subject: **Approval of Program Commission for Proposed Unified State Lab**

Recommendation:

DFCM recommends that the Building Board approve the program request of the four state agencies noted below to develop a State of Utah Unified Lab. This program would address the future needs of the following departments:

Department of Agriculture and Food
Department of Environmental Quality
Department of Health
Department of Public Safety

Background:

Last year the Building Board and several Legislators visited the Health Lab and Agriculture Lab to evaluate the needs of these departments as part of their request to join together in seeking funding for a state of the art Unified State Lab. Although the Legislature was unable to fund this project in the 2006 session, the critical need for new lab facilities was acknowledged.

The four departments noted above have determined that it would be in their best interest to develop a project program that would evaluate the needs of each department and how a core facility might be developed to facilitate each department in the future. Each department's individual needs would then be reviewed for application to a unified facility in anticipation of efficient use of space and the development of shared space/options.

A part of the programming effort would be site investigation, budget preparation, and modular design concepts. The professional services for this program phase of the project would be paid out of the administrative funds of the four departments. It is estimated that the cost would be \$100,000 and this cost will be equally shared by each of the participating agencies.

MEMORANDUM

To: Utah State Building Board
From: F. Keith Stepan
Date: May 24, 2006
Subject: Approval of Feasibility Studies at the Utah State Fairpark

Recommendation

DFCM recommends that the Building Board approve the request from the Utah State Fairpark to spend \$42,000 for a feasibility study to determine the viability of developing a new multipurpose event center at the Fairpark. The Fairpark will pay for the cost of the study.

Background

The Utah State Fairpark wishes to spend \$42,000 to hire a consultant to conduct a feasibility study to determine whether a market exists for a new multipurpose event center. The study will explore the viability of constructing a facility for events such as rodeos, demolition derbies, horse shows, athletics, concerts, etc. at the Fairpark. Funds for the study will be reimbursed to the Fairpark if the project is approved (funded) by the Legislature. Otherwise, the Fairpark will not be reimbursed for the study. A letter from the Fairpark is attached.

MEMORANDUM

To: Utah State Building Board
From: F. Keith Stepan
Date: May 24, 2006
Subject: **Reallocation of FY 2007 Capital Improvement Funds at Weber State University**

Recommendation

DFCM recommends that the Building Board reallocate FY 2007 capital improvement funding for the following projects at Weber State University:

1. Cancel the \$160,500 roofing project scheduled for the Social Science Building;
2. Reduce the \$175,000 paving project scheduled for parking lot W-8 and the access road by \$50,000. The remaining \$125,000 will be used for these paving projects but on a smaller scale; and
3. Reallocate \$210,500 (\$160,500 + \$50,000) to the Peterson Plaza concrete replacement and landscape development project which bid over the budget.

Background

The Peterson Plaza Renovation project is a high priority project for Weber State. It was approved by the Building Board last month with a construction budget of \$420,000. Unfortunately, the project bid at \$651,000---\$231,000 over budget. In order to make up the shortfall, Weber State requests that the \$160,500 roofing project for the Social Science Building be canceled and that funding for the paving of lot W-8 and the access road be reduced by \$50,000. In addition, Weber State University will contribute \$20,500 toward the difference. Weber State will request funding for the roofing project and the balance of the parking lot next year.

Dear Keith:

SUBJECT: USU Administrative Reports for May 2006 Building Board Meeting

The following is a summary of the administrative reports for USU for the period 03/22/06 to 05/03/06:

Professional Contracts, 5 contracts issued (Page 1)

Two professional services agreements and three miscellaneous contracts were issued.

Item 3, West Housing/Parking Complex - The majority of this project is managed by DFCM. The commissioning will be handled by USU.

Construction Contracts, 10 contracts issued (Page 2)

Six construction contracts and four miscellaneous contracts for equipment and materials were issued.

Item 2, New Well - The contract issued was \$7,575 lower than the budget amount. This amount is being transferred to the Project Reserve Fund.

Report of Contingency Reserve Fund (Page 3)

No significant items.

Report of Project Reserve Fund Activity (Page 4)

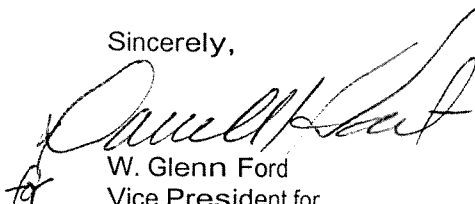

The transfer of \$7,575 to the Project Reserve represents the remaining budget over the contract amount.

Current Delegated Projects List (Pages 5-6)

Of the 55 projects on USU's current list, 12 are in the Design/Study phase, 25 in Construction, 11 Substantially Complete, 2 Complete, and 5 Pending. Two new projects have been added.

Representatives from Utah State University will attend the Building Board meeting to address any questions the Board may have.

Sincerely,

W. Glenn Ford
Vice President for
Business and Finance

WGF/jm

MEMORANDUM

To: Utah State Building Board
From: F. Keith Stepan
Date: May 24, 2006
Subject: **Administrative Reports for DFCM**

The following is a summary of the administrative reports for DFCM.

Lease Report (Pages 1 – 3)

New Leases:

Item #1 DNR Division of Water Rights in Cedar City. This is a new location accommodating additional staff for program growth.

Item #2 DNR Division of Water Rights in Richmond. This is a new location for a radio repeater station

Item #3 DPS Homeland Security in SLC. New storage space to accommodate program growth

Item #4 DWS in Park City. This lease houses a single DWS program and terminates a lease that originally housed several other DWS programs. The other programs have been relocated in other facilities. This move will result in costs savings for DWS and improve the agencies program delivery.

Amendments/Renewals:

Item #12 DPS Highway Patrol SLC. Amendment to remove the office space from the lease, leaving the warehouse and storage space. The programs that were in the office space have moved to the new Larry H. Miller building.

Items #13 and #14 DWS American Fork. These two amendments divide the lease based on program needs and funding sources.

Architect/Engineering Agreements Awarded, 22 Agreements Issued (Pages 4 - 5)

No significant items

Construction Contracts Awarded, 33 Contracts Issued (Pages 6 - 8)

Item #1, University of Utah Hospital Expansion

This is a CM/GC agreement, with the initial agreement only including preconstruction services. The balance of the construction costs will be added by future change orders.

Item #2, Blanding Regional Center HAVC Controls Upgrade

Director Stepan approved this solicitation as a sole source to the two known suppliers, to match equipment in the building.

Items #5, Fairpark Various Restrooms ADA Upgrades

Additional funds from Project Reserve were used to award this contract that bid over budget.

Items #9 and #10, New Ogden ABC Stores

Director Stepan approved these two construction solicitations to be combined into one bid, due to their close proximity and to achieve an economy of scale for sub pricing and project management

Construction Contracts Awarded Continued:

Item #11, USU Romney stadium Phase II North End Zone Development

This is a CM/GC agreement, with the initial agreement only including preconstruction services. The balance of the construction costs will be added by future change orders.

Item #17, UVSC Student Study Area Infill Space

The construction bid over budget, this was covered by project reserve funds and UVSC funds.

Item #18, SUU Old Main Bldg. Remodel and Upgrade

Director Stepan approved this construction solicitation along with the SUU Teacher Education Building, to be combined into one solicitation due to the buildings being adjacent to each other, limited staging space, shared mechanical systems, common materials, and economy of scale. The Teacher Education Building award will show on next months report.

Item #21, Edge of the Cedars State Park Roofing Improvements

Additional unallocated roofing funds were used to award this contract that bid over budget

Report of Contingency Reserve Fund (Page 9)

Increases

No significant items

Decreases, New Construction

USU New Merrill Library

This transfer covers change order #17 for numerous scope items on HVAC improvements, revise generator exhaust to eliminate odor, remodel Cazier entry, and to replace electrical conduit and wire over tunnel. It also covers a large error and omission item for re-lighting of rooms.

FFSL Fire Management Services Building

This transfer covers change orders #1 – 5, scope changes for area changes, unknowns for differing site utility conditions, over-excavation and dewatering of groundwater saturated soils,

and location and design of actual waterline connection for project fire hydrant.

Decreases, Remodeling

SUU Utility Tunnel Extension

This covers change order #5 for unknown conditions the mechanical contractor needed to modify, manhole not being able to install as bid due to as built drawing differences, and additional fill material and the removal of unacceptable material from the excavation. Also omissions for relocation of lights and support bases, and landscaping materials needed to replace those areas damaged by the direct buried steam and condensate lines.

Orange Street and Fremont Comm. Corr Centers Restroom Improvements and ADA Upgrades

This transfer covers change order #1 for unknown conditions for repairs of exterior walls, venting of water closets and showers, changes to janitors closet at Fremont, and to replace all copper water lines in all 6 restrooms. Also omissions for installation of curb on some showers, and some electrical work.

West Valley Courts Building Remodel

This transfer covers ITS wiring costs over budget.

Report of Contingency Reserve Fund Continued:

Decreases, Remodeling

SUU Structural Repairs on the Harris, Plant Operations and Science Buildings

This transfer covers change orders #1 and #2 for unknown conditions to correct the storm drainage system which may have caused the building to settle, replace sump pump, add additional piers to the Harris Building, as well as pier re-locations.

Report of Project Reserve Fund Activity (Page 10)

Increases

These items reflect savings on projects that were transferred to Project Reserve per statute.

Decreases

Transfers are to cover actual construction costs that came in over budget on these projects.

Statewide Planning Fund (Page 11)

No changes

Emergency Fund Report (Page 12)

Increases

Decreases

\$9,850 – Snow College South Washburn Building emergency boiler repairs. To replace/repair a section of the cast iron boiler.
